Permian Basin News

This is just a quick newsletter to announce that we will be holding elections soon for officer positions in the Permian Basin section. If anyone is interested in running for a position, please send your name to one of the officers. We'll need to send ballots out through the mail by late October, so if you're interested, please contact one of the current officers soon.

I will send a more detailed newsletter in October listing some of the recent activities of our members, as well as upcoming events relating to Mole Day and National Chemistry Week. If you have any items for the next newsletter, please send them to me by the end of the month.
